Of course Judge Purnell does not expect a North Carolina editor to pay in anything but "chips and whetstones."

Judge Parker in the dignity of his unutterableness appears to make a bigger impression as a safe man than Roosevelt in all his career of strenuosity.

The reason the Republicans hate to see Judge Parker nominated is because they are not able to say "a hate" about him. It's a mighty clean man that a dirty Republican can't besmirch a little.

During the Spanish-American war, the Spaniards used to say "the audacity of the enemy was astonishing." The audacity of the newly arrived mosquito in attacking a "great big" man is still more astonishing.

Roosevelt says: "We must nominate a good man for Vice President." When the President gets to striking so close at us as that, it becomes necessary for us to tell him that we are a Democrat and must positively decline to be his running mate.

Some of the Republicun papers and leaders are attacking the qualifications of Cortelyou for their national chairman. What do qualifications amount to when Cortelyou is close enough to the White House to get all of his managerial ideas and plans from the strenuously qualified Roosevelt?

It appears that Judge Lynch is about the only dignitary on the bench whom editors can light into with impunity. It would be something awful if Judge Lynch should hold such sway after awhile that he will not only hang people, but actually put editors in jail. P. S.—This refers to Judge Lynch and to no other Judge now in sight.

Four of the six leading daily papers in Georgia are urging that the delegates from that State to the National Democratic Convention be instructed. Such men as the Hon. Hoke Smith and other eminent Georgians are also for instructing. The Georgia convention will be held today.

A Pittsburg man killed himself because he could not bear to hear some hand organ men grind out "Bedella." The poor fellow, no doubt has gone where, in a few years at most, the hand organ, the men who grind it, and the song they played will be dumped in on him to plague him to a finish for his sin. "It were better to bear the ills of this life than fly to those we wot not of," or something to that effect.

ON TO LUMBERTON!

Affiants Attached by Judge Peebles Surrender Themselves in Robeson County.

WRIT OF HABEAS CORPUS.

Application to Justice Connor, of State Supreme Court, Will be Heard To-day—Probabilities as to Hearing in Fayetteville.

Accompanied by Col. N. A. McLean and Stephen McIntyre, Esq., their attorneys, and Sheriff A. W. Aman, of Sampson county, Capt. E. W. Kerr, and Mr. R. C. Southerland, of Clinton, and Mr. C. F. Carroll, of Warsaw, passed through the city yesterday en route to Lumberton, N. C., where on yesterday evening they accepted service of the attachment for contempt issued by Judge Robert B. Peebles in Robeson SuperiorCourt Saturday, under circumstances with which the public are now familiar. The party arrived on the 10:10 A. M. train from the North and were joined here by Sheriff Geo. B. McLeod, of Lumberton. While in the city the visitors were guests at The Orton and saw a number of their friends there during the morning and early afternoon before departure of their train on the Carolina Central at 3:10 o'clock. Sheriff Aman returned to Clinton in the evening. The papers had been served on none of the parties when they were here, that duty having been deferred until all should have reached Lumberton. Counsel who accompanied the affiants, held to be in contempt, expressed their purpose to stand by the witnesses until the last ditch and it was predicted that there would be no incarceration in the jail at Lumberton last night, for everything was ready for the writ of habeas corpus as has since developed. The scene to-day is shifted to Raleigh before the Supreme Court. Mr. Carroll, the mail agent held, has employed J. O. Carr, Esq., of this city, as special counsel and Mr. Carr will leave this morning for the Supreme Court. Besides being lawyers of ability themselves, the other defendants will have the benefit of the eminent legal advice which the respondents had before Judge Peebles at the original hearing. The following special telegram was received from Lumberton last night:

LUMBERTON, N. C., May 31.—Maj. Kerr and Messrs. Carroll and Southerland were given an ovation on their arrival hereby a big crowd. Judge Connor, of the Supreme Court, was notified by wire of the writ and ordered the gentlemen to be carried to Raleigh immediately. They will go tomorrow. The whole crowd is pleased with the present state of affairs.

The Fayetteville Hearing.

Judge Geo. H. Brown has asked to be excused from presiding in the contempt proceedings at Fayetteville.

While expressing himself as deeply sensible of the confidence in him manifested by his selection he feels that he would be greatly embarrassed by a close family connection with Mr. A. W. McLean, of the firm of McLean, McLean & McCormick, of Lumberton, and whose uncle married the judge's sister. The judge himself is much attached to young Mr. McLean, who is a lawyer and business man of great promise and attractive personality.

Judge Peebles' attention was called yesterday in this city to the fact that Judge Brown had asked to be excused from a hearing of the case. To a representative of the STAR, Judge Peebles said that at the time he made the order of removal to Judge Brown he was cognizant of the relation existing between Mr. McLean and Judge Brown, but he had such confidence in Judge Brown's ability and integrity that he felt no hesitancy in removing to him and was still anxious that he should hear the case. Judge Peebles said that he would write Judge Brown at once, explaining his feeling in the matter and urging him to still hear the case. Should Judge Brown insist on not hearing the cause, Judge Peebles said that he would ask Judge Garland S. Ferguson, of Waynesville, to hear it. The hearing in any event will be at Fayetteville as originally set and the date will be June 14th. Judge Peebles will leave for his home at Jackson, Northampton county, to-day. He says he will attend the hearing at Fayetteville personally and it is known that he has quite a number of additional affidavits in rebuttal of those offered by the respondents in the contempt.

SCOTLAND NECK, N. C., May 31.—The primaries in Halifax county were held yesterday. The county convention will be held Friday.

Advices to the STAR from the Bladen primaries, held last Saturday, show that Stedman will receive 8½, probably 9, of the 11 votes of that county.

DUPLIN COUNTY.

Visitors here from Duplin yesterday brought news much more favorable to Major Stedman. They expressed the opinion that he would receive about one-half the vote of the county instead of one-fourth, as heretofore announced.

Don't "Monkey" with the Boxes.

Superintendent John T. Yates reports the theft recently of several keys from the fire alarm boxes of the city and he wishes to give notice that anyone found tampering with the apparatus in the future will be dealt with to the fullest extent of the law. The penalty is just as heavy as for ringing in false alarms to say nothing of the element of larceny in taking the keys away. Recently the glass was broken and the keys taken from boxes 32, at Sixth and Princess, and 26, at Third and Red Cross. The boxes are absolutely useless when the keys are gone, so far as the public is concerned.

Trainmaster at Wilmington.

It was announced at Coast Line headquarters here yesterday that effective June 1st, Capt. J. F. Council, of Charleston, S. C., becomes trainmaster at Wilmington, a position which has not been filled since Mr. Higgins was placed in charge of the block signal service on the main line some time ago. Capt. Council was formerly one of the A. C. L.'s through train conductors.

DULL DAY IN COURT.

Few Cases of General Interest Before Judge Allen During Yesterday's Session.

TWO HABITUAL OFFENDERS.

Sent Over from Mayor on Nuisance Charges--Not True Bill Against Alex. Johnson—Negro Held for Perjury—Talesmen To-day.

Yesterday's session of the Superior Court was mainly without interest and at 6:30 o'clock a recess was taken until 9:30 this morning. Owing to the fact that the grand jury is experiencing great difficulty in obtaining witnesses and a return upon the bill of indictment may not be reached until too late in the week to begin upon a trial of any length, the case of Albert and Bertha Nelson, white, and Janie Williams, colored, charged with implication in causing the death of the old negro raftsman from Pender county who was found dead in a negro house of ill repute about four weeks ago, will probably go over to next term. The cases of principal interest yesterday were perhaps those of Henderson Hayes and Mary Crawford, colored police court habitues, whom the Mayor has tired of sending to the roads periodically for 30 days and sent them over for the consideration of Judge Allen, charged with being nuisances. Henderson Hayes was bewildered at the sight of the "big coal" and at once pleaded guilty, whereupon he was sent to the roads for 90 days. Mary Crawford has employed counsel and respectfully submits that she is not an habitual drunkard. The court was in the midst of a trial of her case when a recess was taken yesterday evening.

During the day the grand jury returned not a true bill against Alex. Johnson, white, charged with an attempted felonious assault upon a little girl returning from her work at Delgado about six weeks ago. Solicitor Duffy during the day prepared and sent down a bill of indictment charging Stephen Williams, colored, with perjury in that he swore falsely and escaped conviction of gambling on the day before, Son Carter, a co-defendant, having pleaded guilty to the court while the jury was out in the Williams case. Williams will probably be tried for perjury to-day.

Court met at 10 o'clock as usual and the 15 talesmen ordered for the day were returned except E. H. Freeman, who was not found. Messrs. B. Solomod and W. H. Yopp were excused for the day. The first case taken up was that of Frank Cumber and Clint Daniels, young white men, charged with the larceny of chickens. Defendant Cumber pleaded not guilty as to larceny as charged in the bill of indictment but guilty of forcible trespass, whereupon he was sentenced to 12 months in jail, with leave to the County Commissioners to hire out to F. J. Dempsey. Defendant Daniels made the same plea as Cumber and was sentenced to 12 months in jail, with leave to the Commissioners to hire out. The defendants were not regularly represented by counsel, but Walter P. Gafford, Esq., spoke in behalf of the young men and had influence upon His Honor in securing acceptance of the modified plea.

Amelia Howard, the self-confessed negro kleptomaniac who stole a pocket-book containing $9 from a colored woman by whom she was employed, pleaded guilty to the charge and was sentenced to jail for 12 months with leave to hire out.

Martha Gill, colored, charged with assault with a deadly weapon, was found guilty of simple assault and was sentenced to 30 days with leave to hire out.

James A. Robinson submitted to assault with a deadly weapon and judgment was suspended on payment of costs.

Wm. Townsend, the negro charged with assault and battery in which serious injury was done on a recent excursion down the river, was found guilty and sentenced to 90 days on the roads. He pleaded guilty of carrying a concealed weapon and judgment was suspended.

Thos. S. Gordon and Jim Anderson, both colored, charged with the larceny of beer bottles from the Cape Fear Club, were arraigned, but a mistrial had to be ordered on account of the absence of State witnesses, I. J. Sternberger and S. H. Chadbourn. Instanter subpœnas were ordered for Messrs. Sternberger and C. adbourn.

Annie Herring, colored, charged with the larceny of a skirt from Kittie Leslie, was found not guilty.

Dave Cromartie, colored, charged with carrying concealed weapons, pleaded guilty and was fined $10 and costs.

The following talesman were ordered summoned for to-day: Jno. W. Batson, W. G. Fergus, Henry C. Bear, Wm. D. Sumlin, W. G. Farmer, L. A. Blibro, Robert J. King, Jno. H. Woebse, R. F. Brown, A. H. Morris, W. T. Mercer, R. A. Harts, Jno. T. Runge, C. C. Parker, Jr., and Edward Borden.

Will Wed at Clarkton.

Friends of the popular young people are receiving handsomely engraved invitations bearing the following announcement: "Dr. and Mrs. George L. Clark, request the honour of your presence at the marriage of their daughter Margaret, to Mr. Frank Adams Harrington, on Wednesday afternoon, June twenty-second, One thousand nine hundred and four, at half after three o'clock, Presbyterian Church, Clarkton, N. C."

RECEIVERSHIP IS NO MORE.

Supreme Court of the United States Takes a Hand in the Atlantic and North Carolina Railroad Quarry.

[*Special Star Telegram.*]

RALEIGH, N. C., May 31.—An order supersedeas was received here today from Chief Justice Fuller, of the United States Supreme Court, staying the order of Judge Purnell appointing Thomas D. Meares and V. E. McBee, co-receivers of the A. & N. C. Railroad, and ordering that the property be left in the hands of its officers until a hearing of the appeal in the Circuit Court of Appeals at Raleigh at the next term. The appellants' $25,000 bond pending a hearing of this order prevented the receivers from taking charge of the road to day at Newbern.

Governor Aycock said in speaking of interference of Chief Justice Fuller, that if this order had not been made, he should have felt it his duty to call the Legislature in extra session with a view to having a thorough investigation of not only the condition of the road, but of the men and motives behind this unholy effort to put the road into the hands of a receiver, it being perfectly apparent that Ostensible Plaintiff Cuyler has nothing whatever to do with the suit.

Ex Gov. T. J. Jarvis, James H. Pou and Attorney General R. D. Gilmer went to Washington in behalf of the State of North Carolina and they appeared before the U. S. Supreme Court this morning.

SETTLEMENT OF QUARRY DISPUTE.

Hinted That Compromise of Differences is in Prospect—Bids Received.

It is hinted very strongly in official and legal circles that a compromise of differences in the rock quarry controversy will be reached before the final hearing on the application for a writ of restitution before Judge Allen, in the Superior Court, at 5 o'clock this afternoon. Just what the basis of the settlement will be no one can tell until the matter is finally brought before the attorneys to day, but it is stated that the quarry will continue to be operated for the city and that the case in the Supreme Court will in the meantime continue on its merits for a final determination of the much mooted question.

Pursuant to advertisement the Mayor on yesterday opened bids for material under contract and several proposals were considered but none was accepted, presumably on account of the pending settlement by which it is hoped to continue the operation of the home quarry. A bid from Columbia, S. C., for crushed granite in the three grades required for the work here, was received at a figure less than the rock from the city's own quarry. A sample of the material was furnished the committee.

BASEBALL THIS AFTERNOON.

Strong Team of Collegians Will Represent Wilmington Against Fort Caswell.

Great interest is being manifested in the game of baseball this afternoon between a strong team of college players representing Wilmington and the post nine from Fort Caswell. The game will be called at 4 o'clock and wagonettes will be operated fromthe car terminal to the park. The admission will be 25c.; ladies free. The line-up will be as follows:

Fletcher, of Oak Ridge, catch; Wilson, of Charlotte, pitch; McIntyre, of the A. & M., first base; Heide, of the University, second base; Orrell, an infielder from the A. & M.; Taylor, of Fayetteville, a lightning short stop from Oak Ridge; W. Smith, of the A. & M., left field; Wescott, of Oak Ridge, center field; Calder of the University, right field.

WILL SUE ATLANTIC COAST LINE.

Capt. W. H. Ward, Agent at Rook's, Claims Assault by Conductor.

Capt. W. H. Ward, agent of the Atlantic Coast Line at Rook's station on the A. & Y. Division, arrived in the city yesterday and announced that he had completed arrangements with Messrs. Empie & Empie, attorneys, for the bringing of a damage suit against the A. C. L. Company for the recovery of $10,000. While no papers have been filed Capt. Ward says that he will allege that he was assaulted by Conductor Branch, of the company, a few nights ago, between Wilmington and Rook's and that for the same he entitled to recover damages, actual and punitive, in the amount named.

Coca-Cola Bottling Works

Mr. George H. Hutaff, manager of the Coca-Cola Cottling Works in Eastern North Carolina, returned yesterday from Newbern, where he completed all arrangements for the installation of a plant in that city, having rented the building known as the "Yacht Club" on the water front. The business of the company at Newbern has grown so heavy of late that it was impossible for Mr. Hutaff to supply the trade properly from the works in Wilmington. The machinery for the new plant at Newbern will be on the grounds in a few days. Mr. George Hutaff will go to Newbern to manage the plant personally during the Summer. Mr. W. J. Hutaff will have charge of the Wilmington agency and Mr. C. D. Hutaff that at Fayetteville.

EDITOR FINED $2,000.

Mr. Josephus Daniels, of News and Observer, Is Adjudged Guilty of Contempt.

IN THE FEDERAL COURT.

Refuses Payment of Fine and Appeals to the U. S. Supreme Court for Writ of Habeas Corpus—The A. & N. C. Receivers Ousted.

[*Special Star Telegram.*]

RALEIGH, N. C., May 31.—Two thousand dollars fine and cost was the penalty imposed upon Editor Josephus Daniels, of the *News and Observer*, when Mr. Daniels was adjudged guilty of contempt upon a hearing in the Federal Court here this morning upon a writ served Monday because of editorial utterances in defendant's paper Sunday morning with reference to the A. & N. C. receivership. The hearing was the sensation of the year in Raleigh and the court room was crowded when the case was called at 10 o'clock. Mr. Daniels will remain in custody of the United States Marshal until the fine is paid or there are developments upon a petition to the United States Supreme Court at Washington for a writ of habeas corpus, Judge Purnell holding that there can be no appeal and that he has no right to name any bond.

Mr. Daniels came into court promptly at the hour named with his counsel, Mr. Charles M. Busbee, Mr. R. T. Gray, Judge T. B. Womack, Mr. J. N. Holding, Mr. W. L. Watson, of Raleigh; Judge R. W. Winston, of Durham; and Hon. F. A. Woodard, of Wilson. Mr. Daniels' counsel first asked for a continuance of three days, but Judge Purnell refused any motion to that effect. He said in substance that the remarks of Mr. Daniels in Sunday's *Observer* constituted the strongest sort of intimation that he, Judge Purnell, had been guilty of malfeasance in office and was conspiring to take an unjust advantage of the State in the A. & N. C. R. R. receivership matter, which remarks if allowed to pass unnoticed would bring the judiciary into contempt and subvert the purpose for which it was intended and the respect to which it is entitled. He said furthermore that Mr. Daniels must purge himself of the charge of contempt at once. He was allowed until noon to file a complete answer. Mr. Daniels' answer to the judge's rule was in effect that he was an editor; that he conceived it his duty to discuss matters freely; that in expressing disapprobation of McBee's appointment as receiver, he intended no contempt. He denies that the act was in the presence of the court or calculated to obstruct the administration of justice; that the constitution says the liberty of the press cannot be abridged; that the court has no jurisdiction since the statute of 1831. Judge R. W. Winston, of Durham, argued for Mr. Daniels, denying the court's jurisdiction, and saying there had been no such case in seventy years, since Congress took this power from the court.

Judge Purnell, in imposing the sentence under Section 725, Revised Statutes, said he believed in a free press and a free court; that the answer of the respondent that no contempt was intended is contradicted by his editorials of to-day and his publication that six hundred armed men are ready to march on Raleigh from Duplin county. The court had no personal ill will to Mr. Daniel; they are members of the same secret order, but the courts must be protected.

RALEIGH, N. C., May 31.—Editor Daniels will spend the night in custody of the deputy marshal instead of being committed to jail for refusal to pay the fine. Counsel are moving for a writ of habeas corpus before Chief Justice Fuller, of Washington, and all depends on the outcome of this. Daniels says he will spend any amount of time in jail before he will pay any part of the fine. The North Carolina lawyers in Washington looking after the A. & N. C. receivership are also attending to Mr. Daniels' application for a writ of habeas corpus.

Judge Purnell says that he has not seen and knows nothing of an editorial in the Charlotte *News* of which he will take official notice.

R. T. Gray, of counsel for Mr. Daniels, left for Washington to-night to sue out a writ of habeas corpus before Chief Justice Fuller. Mr. Daniels is at the Yarborough in custody of Deputy Marshal John Dockery. He offered to go to jail or wherever the officials might order him.

(By Associated Press.)

RALEIGH, N. C., June 1.—This morning Mr. R. T. Gray left for Washington where he will join Mr. James H. Pou and ask a writ of habeas corpus of Chief Justice Fuller for Editor Josephus Daniels of the *News and Observer*, and Democratic National Committeeman, who is now in custody of the United States Marshal for refusing to pay a fine of $2,000 imposed by Judge Purnell, who to-day found the editor guilty of contempt in certain editorials published concerning the appointment of receivers of the Atlantic and North Carolina railroad.

Editor Daniels is not in jail, the marshal having him at the hotel. Mr. Daniels says he will not in jail before he will pay a penny, and declares that he is standing for the freedom of the press and a principle. Over a hundred thousand dollars have been offered to him if he desires to pay, and hundreds of letters and telegrams of sympathy have been sent him.

Mr. Daniels to-night issued an address to the people defining his position and declaring that he would not retract one word of criticism he had said.

The Pair Went to Jail

Upon hearing in Justice Fowler's court yesterday Lavinia Sanders went to jail for the present term of Superior Court upon a charge of mayhem and her prosecutor, Lucy Gilliam, met a similar fate upon a charge of being a nuisance. Both women are colored and had two general fights on an excursion on the steamer "Compton" down the river Monday. The Sanders woman showed to the satisfaction of the court that she received a blow in the eye from which she partially lost her sight and it was proven that the Gilliam woman had made a general nuisance of herself in the brawl which continued for some time.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

WEDNESDAY MORNING, JUNE 1.

IF NOT INSTRUCT, WHY NOT?

The querry has been asked, "Can a Democratic State convention instruct the delegates to a national convention?"

A State convention is the representative of the sovereign Democratic voters, and as such it is supreme. A convention, therefore, can set aside any precedent or abrogate any rule, establish another, discard a former platform or adopt another, just as it pleases. A convention would have no power at all if it could not do these things.

It is a rather absurd question to ask in the face of numerous precedents in Democratic State convention, some of which have already elected not to instruct and others have decided to instruct. A convention can instruct or decline to do so, whichever it wants to do. In this campaign, so far, several States have instructed for Parker, several have instructed for Hearst, and some have decided not to instruct. It is not a question of precedent, but a question of good party policy that regulates the action of any party convention. Precedent counts for nothing when a healthy majority desires to set it aside.

Every convention makes its own rules and lays down its own platform. Two years ago the North Carolina Democratic State convention, assembled for the purpose for which the delegates were appointed, adopted a platform, and when it adjourned it became defunct. The platform was a live issue in the election for which it was adopted, and after it had been passed upon at the polls the platform also becomes defunct. In fact a platform that has been passed upon at the polls is as dead as Hector unless a subsequent convention reaffirms it and again gives the issues a new lease of life. Therefore the acts of one convention in no wise bind another, unless it reaffirms.

The members of the North Carolina Democratic convention which is to meet June 23rd, are the representatives of the Democratic people. On the other hand the delegates whom the convention is to appoint will represent the convention. The people speak through their convention and the convention has absolute power over its creatures—the delegates whom it sends to the national convention. It would be the height of absurdity to say that the convention which creates the national delegates would have no right to control, regulate, or instruct its creatures. This is well known, but there is a disposition on the part of some politicians and newspapers in several States to misunderstand it, in order to head off Parker instructions. This is our excuse for wasting space on a plain proposition.

Now to the main point. The *strong* reason why the forthcoming convention in North Carolina ought to instruct for Parker is because the delegates to the national convention will have to choose between Parker and Hearst. The people are for Parker, and instructions for the Sage of Esopus will simply be carrying out their will. If the delegation to St. Louis is not instructed and the unit rule is not adopted any number of delegates may be free to vote for Hearst or anybody they are pleased to vote for. The Georgia State convention has to face this situation to-day, and in order to keep a portion of the delegates from voting for Hearst when they get to St. Louis, we predict that the Georgia convention will instruct for Parker. The fact is the Hearst people and papers in Georgia have been urging against instructions for the very reason that they hope some Hearst delegates may be slipped in and will be free to vote for that candidate at St. Louis. There is no telling what some politicians may do when they get the chance.

Judge Parker is the safe candidate, is the logical candidate, and is the only man in sight who the Democracy has the slightest reason to hope can carry the doubtful States. There is every reason why North Carolina should send an instructed delegation and none why it should not.

THE VOTE IN THE NATIONAL CONVENTION.

We have heretofore stated that, in round numbers, the Democratic National Convention to assemble at St. Louis on the 6th of July will consist of 1,000 delegates. The actual number, however, will be 976.

The conservative or anti-Bryan idea Democrats have already elected 15 more than the majority of 976. There are yet to be chosen 370 delegates. Other conventions are to be held in the following order: Idaho, June 6; Hawaii, June 6; Delaware, June 7; Colorado, June 7; Kentucky, June 8; Utah, June 8; Virginia, June 9; Arkansas, June 14; Mississippi, June 15; Indian Territory, June 16; Illinois, June 21; Texas, June 21; North Dakota, June 21; Missouri, June 21; Minnesota, June 22; Vermont, June 22; North Carolina, June 23.

It will not take a prophet to predict that the big majority of those States will add overwhelmingly to the already conservative majority in the National Convention. We are also safe in predicting that the big majority of those conservative delegates will be for Parker.

Hurrah for Parker! Get on the band wagon while there's standing room.

CURRENT COMMENT.

—— Lord Gwydyr, who has just entered his 95th year, is one of the very few men who can remember George IV's memorable visit to Ireland. He was five years old when news came of the fighting at Waterloo.

—— The rule of the majority does not imply "reorganization;" it is simply Democratic practice. The majority will is going to assert itself at St. Louis, with malice toward none and charity for all shades of Democratic opinion.—Atlanta Constitution.

—— In North Carolina a negro was lynched by members of his own race for assaulting a little colored child. We do not advocate lynching, but we point to occurences like this in proof of the fact that the instincts of all men are to kill, and kill immediately, in the case of a certain nameless provocation. A lynching similar to this one in North Carolina occurred a few months ago in Florida.—Norfolk Landmark.

—— A "sane and therefore dangerous" Democratic party has made such a change in the political situation that the Republicans admit Illinois to be fighting ground; some of them know that their chances there are slim, and some of them say that they have less hope of Illinois than of Indiana, which was generally Democratic not so very long ago. And yet McKinley's pluralities in Illinois were 142,498 in 1896 and 94,824 in 1900. Unfortunately for their peace of mind, Republicans can remember as far back as 1892, when Cleveland got a plurality of 26,993.—Philadelphia Record.

—Missionary (Gulchville)—Dear! dear! It's too bad. I am told that there has just been a lynching. Deacon Hairtrigger—Yaas, parson, you wished we could have a big crowd here to the opening of the revival, and I told you I'd bring 'em. They're all here.—New York Weekly.

Love is sometimes a hard taskmaster. He drives women to tasks beyond their strength and lays heavy burdens on their shoulders. Love of husband, love of family, forces many a woman day by day to labor for the home when aching back and throbbing head make her utterly unfit for household duties.

Weak, nervous women who suffer from headache, backache, bearing-down pains and other consequences of womanly disease, can be completely cured by the use of Doctor Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"About two years ago I was taken sick and it seemed as if I had no nerves at all," writes Mrs. P. Woodbeck, of Delray, Mich. "Could not work an hour in the day without being tired out. I doctored first with one physician, then with another, but did not receive any benefit. One would say one thing and the next something else. I had almost given up when I thought your medicine might help me, so I wrote to you asking what to do. You advised me to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so and could see a difference right away. I only took four bottles in all and felt better than I had in a long time. Can work all day now and not feel tired as I would in an hour before taking your treatment. I think it is the only medicine."

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, May 31.—The cotton market opened weak at a decline of eleven to fifteen points, following much lower cables than expected, Liverpool having broken badly over the holidays, while spot demand there was practically at a standstill. The bulls had also to confront a very favorable set of weather maps, showing rain in the dry sections while temperatures remained generally favorable. In view of these various developments and that the fact that the suspension of a local house was announced before the calls, the opening changes were not bad and soon afterwards prices rallied a few points on covering. There was no sign of a bull support, however, with New Orleans showing considerable weakness the market soon began to decline. The weekly report of the Weather Bureau at midday proved more bearish than had been expected and following its publication there was very heavy liquidation led apparently by a large local wire house with New Orleans connections. This selling carried July down to 12.40, the lowest point it has occupied since the culmination of the first bull campaign last January and a net loss of forty points. October sold down to 20.33, a net loss of thirty-two points and the general list was twenty-three to forty points net lower. In the late trading room covering rallied prices somewhat with the help of a light demand from spot people and Liverpool, and the market was finally steady at a net decline of twenty six and thirty-seven points. Sales were estimated at 400,000 bales. The concern suspending was said to have very few open trades in the market and consequently the failure was not thought likely to involve any other firm to any material extent. Receipts for the day were full as compared with last year's and exports over the holidays have been made moderate.

FAMILY CARES

This Information May Be of Value to Many a Parent in Wilmington.

When there is added to the many cares inseperable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known the parent's burden will be lighter and her home happier.

J. T. Ebert, of 515 South Sixth street, mattress maker, says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back and the kidney secretions were dark and full of brick dust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills I went up to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her kidney secretions cleared up, she does not complain of her back and in fact Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome."

BLOCK SIGNAL SERVICE

The greatest railroad companies of the country employ the best engineers and most careful trainmen. Yet they spend thousands of dollars in equipping their roads with the block signal system so that they can be absolutely sure of the best service and of the public safety. That is just the principle that obtains in our prescription department. We double every check Rx. that goes over our counter. Then, too, we employ competent men to prepare prescriptions, but we don't stop there. The man's work is checked and verified before the medicine leaves the store.

It is quite reasonable to expect good medicine from Ahrens'. Active demand keeps the stock fresh. And again the active demand warrants us in carrying a large variety of goods so that every demand can be met. And still again, the active demand brings us to a reiteration of our motto, "Quick sales and small profits." Send the prescription to Ahrens'.

SPIRITS TURPENTINE.

— The young man who jumped from a running freight train and was instantly killed at Burlington Sunday night was W. E. Ross.

— Lillington will soon have two railroads. A little line is being built from Lillington to Manchester to connect the place with the old Cape Fear and Yadkin Valley road, which runs from Sanford to Fayetteville.

— Raleigh Post: In view of the events of the last few days North Carolina can fearlessly challenge any other part of the moral vineyard to produce more hot stuff for the newspapers than we have been making within our usually quiet borders

— Raleigh Times: It is said a man who appears for himself has a fool for a client. It seems a lawyer is no exception to the rule. —— If the telegram sent from Robeson had been kept out of the newspapers, there would have been no trouble between Judge Peebles and the Lumberton bar.

— Charlotte News: The strain of the race for Governor is somewhat relieved to-day by the mathematical nicety with which Mr. J. H. Hartness calculates that Glenn and Stedman will have even votes in the convention to a fraction and so will Turner and Davidson. Nothing could look more beautiful on paper.

—Charlotte Chronicle: Judge Purnell has made McBee co-receiver with Meares, for the Atlantic and North Carolina Railroad. Finch was made camplainant with Cuyler. These two circumstances indicate that the court has an idea that the original receivership matter is entitled to recognition in the "subsequent proceedings."

— Raleigh Post, May 31: Mr. W. B. Jones returned from Goldsboro, where he represented Smith, the white man who killed Williams and shot Williams' son after a dispute about fertilizer. Sixteen witnesses gave the deceased a black character as a dangerous man. The two magistrates presiding decided that the killing was justifiable, and Smith was discharged.

— At Victoria, near Asheville, on Monday, a white man named Stepp cut Henderson Stallings, another white man, with a pocket knife. Stallings received a deep gash from the back of his neck to the centre of his throat, a portion of his left ear was entirely cut off, and three cuts were made on his left arm. The wound is a dangerous one and the ultimate outcome cannot yet be told. Both Stallings and Stepp are married men.

— Southern boys, says the New Orleans States, will carry off nearly all the highest honors at West Point this year. Cadet Charles R. Pettis, of Mississippi, heads the first class in order of merit, with Ralph T. Ward, of Colorado, a close competitor. The three other distinguished members of the graduating class are Cadets Kingman, of Tennessee; Howell, of North Carolina, and Anderson, of Virginia. The class is the largest to graduate within the history of the Academy, having 125 members.

—No. 97, the Southern's fast mail, broke its already wonderful record for fast running Saturday afternoon, when the run between Concord and Charlotte, a distance of 22 miles, was made in 15 minutes. The extraordinary run was made after the injury to Mr. J. T. Sapp, at Concord. The stop occasioned by the accident required a delay of a few minutes, and in addition to making up for the lost time, the injured man was on the train and it was desired to place him in a hospital at Charlotte as soon as possible.

— Charlotte Chronicle: Farmers from Crab Orchard and Morning Star townships complain that doves, formerly known as harmless birds, are destroying their young corn crop, by the rows and acres. The doves, which this year seem to be extraordinarily recruited in point of numbers, swoop down upon the young corn as it raises its head out of the ground and pluck out the heart of the sprout. This destruction by the doves is looked upon with astonishment by the farmers, who have always considered them as practically harmless.

— Charlotte Observer: The prospect of evil is never welcome, but it is only a chronicle of a fact to say that there is a decided sag in the prosperity which the country has enjoyed for several years, and that some of the signs of the times are ominous. Large financial operators are taking in sail. Too much gold is going out of the country, An army of Wall street employes were turned into the street last week. The Pennsylvania Railroad has just laid off 500 men and the New York Central is reducing force. Would it not be the irony of fate if the Democratic party should elect its candidate for President this year and inherit another panic?

Nearly two-thirds of the wells in the Third Ward have gone dry in the past few days and the cause is attributable to the pumping that has been going on at the St. Catherine Mine, to the South of the city. Alderman H. L. Link informed the News man this morning that the residents of the South end of Third Ward are complaining very much about the lack of water in their wells. Some wells that have withstood every drought have gone completely dry and many new ones have been abandoned on account of the scarcity of water. Those who seem to be familiar with conditions in the Third Ward say that the fact that continual pumping has been going on in the main shaft of the St. Catharine Mine is wholly responsible for the drying up of the wells. —Charlotte News.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last! Such was the experience Mrs. S. H. Newsom, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidneys, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by R. R. BELLAMY, druggist.

WINE OF CARDUI

CURED WHEN OTHERS FAILED.

Third St., MENASHA, WIS., Sept. 1, 1903.

I am pleased to indorse Wine of Cardui, as I have found that it was of great benefit to me when I had lost my health. I am the mother of four children and for the last two years I have not known what it was to have a well day. I suffered with sick headaches, backaches and bearing down pains, which made me wretched and there were days when I could hardly drag my feet across the floor. The doctor said it was organic trouble and I took the medicine for almost a year, but I could not see that he was doing me a particle of good, so I began to take Wine of Cardui. My improvement was gradual but each month there was a change for the better and at the end of six months I am pleased to say that I was restored to health. I am indeed grateful and shall recommend your medicine to all my friends.

Mrs Amelia Rausch

Wine of Cardui has brought health to hundreds of thousands of women who had given up all hope of ever being well again.

You do not need to give up.

Take Wine of Cardui.

Wine of Cardui has cured Mrs. Rausch and 1,500,000 other sufferers. YOU should take advantage of this great woman's remedy which has cured so many sufferers like yourself. Decide to take Wine of Cardui today.

No examination. No operation. A bottle of Wine of Cardui costs only $1.00. Your druggist will sell Wine of Cardui to you and you can take the treatment at home. Will you do it? Why don't you take Wine of Cardui?

— Church—The old General always wanted to be where the fighting was thickest. Gotham—Is that a fact? Church—Oh, yes. Why, even when he went to church he asked if he might sit up in the choir.—Yonkers Statesman.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Bentonville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. BELLAMY, druggist. Trial bottles free; regular sizes 50c and $1.00.

WEDNESDAY MORNING JUNE 1.

RED ANTS IN TEXAS.

Have Begun the Work of Exterminating the Cotton Boll Weevil—Report Made by a Cotton Planter.

By Telegraph to the Morning Star.

SAN ANTONIO, TEXAS, May 31.—Jose Cassiano, former county collector, who has several hundred acres of cotton in this county, is the bearer of good tidings concerning the work of red ants. Mr. Cassiano's fields less than a month ago were alive with boll weevils. To-day he said there is not a live weevil in his fields. The rows are strewn with dead weevils which the busy little red ants are carrying away by thousands. Mr. Cassiano says a close inspection failed to show a single live weevil on a cotton plant anywhere in his fields. The ants are on the plants and the rows between in countless thousands. They seem to have completed the slaughter of the weevils and are now engaged in carrying the corpses away probably to be stored for food.

Secretary of Agriculture Wilson has telegraphed to expert entomologists connected with his department and now in Texas, to visit Bexar county, that State, and make a thorough investigation of two fields of cotton which are said to have been entirely cleared of the boll weevil by the aid of ants.

MICHIGAN DEMOCRATS.

State Convention to Select Delegates to St. Louis to Meet To-day—A Hot Time is Expected.

By Telegraph to the Morning Star.

DETROIT, MICH., May 31.—The Democratic State convention to elect delegates to the National convention at St. Louis, will convene at noon to-morrow. It is expected on every hand that it will be a fight to the finish between the so-called conservative and radical wings of the party. While National Committeeman Daniel J. Campau is avowedly in favor of Judge Parker of New York for the presidential nomination, Mr. Campau and his supporters, who comprise the conservative elements, demand only an uninstructed delegation. On the other hand Frank L. Fowler, of Manistee, a leader of the so called Hearst faction, to-day refused to affirm the assertion that he was a Hearst supporter and declared he was simply "anti-Parker." Mr. Fowler was defeated for temporary chairman of the convention in the State committee meeting to-day by a vote of 16 to 4. Of the twelve districts the conservatives concede two to Hearst men and claim the other ten.

The unit rule will in all probability govern the Michigan delegation to St. Louis.

WEATHER BUREAU REPORT.

General Improvement in Condition of Cotton—Tobacco Transplanting.

By Telegraph to the Morning Star.

WASHINGTON, May 31.—The weekly summary of crop conditions issued by the Weather Bureau to-day says:

Although cotton continues small a general improvement in its condition is indicated, especially in the central and western districts where rains have been well distributed, and generally ample. The least favorable reports are received from Georgia, Florida and portions of South Carolina, where drought continues. Lice are not so generally reported in the central and eastern districts as in the previous week, except in Georgia, but boll weevil will continue to increase in the southwest and central cotton counties of Texas. As a rule, the crop is well cultivated.

Tobacco transplanting has progressed slowly in Kentucky, Virginia and North Carolina, and this work awaits rain in Maryland. Planting has made favorable progress in New England, Pennsylvania and Tennessee.

GEORGIA'S CONVENTION.

Warm Contest Expected Over Selection of Delegates to St. Louis.

By Telegraph to the Morning Star.

ATLANTA, GA., May 31.—The Democratic State convention will meet here to-morrow to select two delegates to the National convention from each of the eleven Congressional districts, four delegates at large, and to confirm the nominations for State House officers, selected at the Democratic primary April 30. There promises to be a warm contest over the selection of delegates at large and over the question of adopting the unit rule or leaving the delegation free to act as conditions may dictate. Absolute instructions for Parker are favored by one element and strongly opposed by another. A considerable number appear to favor an uninstructed delegation, though they favor a resolution recommending Parker as the preference of the convention.

JAPANESE TROOPS OCCUPIED DALNY.

Russians Evacuated So Hastily That They Failed to Destroy Much Valuable Property.

SITUATION AT PORT ARTHUR.

Japanese Gunboat Damaged in a Reconnoisance—Russian Troops Believed to be Moving to Relief of Port Arthur—More Fighting.

By Telegraph to the Morning Star.

WASHINGTON, May 31.—The Japanese legation to-day gave out the following dispatches from the home government, Tokio, embodying a report from General Oku as follows:

"General Oku, commanding the army operating against Port Arthur, reports that our troops occupied Dalny on May 30th. Over 100 warehouses and barracks, besides telegraph and railway stations were found uninjured. Over 200 railway cars are usable, but all small railway bridges in the neighborhood are destroyed. All docks, piers, except the great piers which were sunk, remain uninjured. Some steam launches were also found sunk at the mouth of the dock."

Russians Evacuated.

TOKIO, May 31, 3 P. M.—The Russians evacuated Dalny so hastily that they failed to destroy much property which will prove highly valuable to the Japanese. It is evident that the Russians fled quickly when Nan Shan hill was lost, expecting that General Oku would immediately take possession of Dalny. All previous reports of the occupation of the town were false.

The Russians destroyed the gunboat used at Tallienwan against the Japanese left during the battle of Nan Shan hill. The name of the gunboat is not known, but it was possibly the Bobr.

For Relief of Port Arthur.

TIEN TSIN, May 31.—It is reported here that the first brigade of the first Russian division, consisting of the first, second, third and fourth Siberian regiments, left Tashechao (a point on the railroad about twenty miles south of New Chwang) for Kin-Chou yesterday. The purpose of this movement is not known, but it is believed that the troops are moving to the relief of Port Arthur. They are to be followed by an entire division.

Continuous Fighting.

LIAO YANG, May 31, 5:30 P. M.—Continuous fighting has taken place northeast of Feng Wang Cheng and the railway above Kin Chou since May 37th. A sharp action has taken place eastward of Simatsi, thirty-five miles north of Feng Wang Cheng, which lasted from the morning of May 27th until daylight May 30th. Both sides suffered severely. Detailed figures are lacking.

The engagement resulted in the Russians retiring on Simatsi, followed cautiously by Japanese detachments. Three companies of Japanese are reported to have ambushed a patrol of the Nertinsky regiment near Hunsian, wounding three Cossacks. A fourth Cossack had his horse killed under him. Fearing capture he buried his rifle. He was captured but subsequently escaped, dug up his rifle and rejoined his regiment.

Severe fighting is reported along the railway between stations Vfangoy and Vfandien. The Japanese suffered heavily and would have been annihilated had not infantry reserves come up and forced the Russians to retire into Vfangoy.

Chinese Hanged by Russians.

LONDON, June 1.—The correspondent of the Standard at the Japanese army headquarters, telelegraphing May 31st, says:

"Repeated reconnoissances show that none of the enemy's troops are within fifteen miles of Feng Wang Cheng or east of the Tayang river for thirty miles in the direction of Siuyen."

The Morning Post's correspondent at Shanghai learns that the Russians hanged a number of Chinese who had been caught signalling to the Japanese fleet near Vladivostok.

Rumor of Battle.

CHE FOO, June 1, 11 A. M.—An unconfirmed rumor is current among the Chinese that a battle occurred six miles from Port Arthur yesterday (Tuesday).

BRYAN WILL CONTROL.

Nebraska Democratic Convention to Meet To-day in Omaha.

By Telegraph to the Morning Star.

OMAHA, NEB., May 31.—Democratic leaders from different parts of the State began arriving to-day for the Democratic State convention which will be held in this city Wednesday. S. Indications are now that William Bryan's friends will completely dominate the convention, the county convention in Douglas last Saturday having eliminated the last hope of the "reorganizers" to secure recognition. The convention, in addition to selecting four delegates at large, will name two delegates for each district to the national convention and adopt a platform which is expected to reflect the views of Mr. Bryan. Mr. Bryan himself probably will be elected to lead the Nebraska delegation at the St. Louis convention. No contests are anticipated, only one county having elected delegates directly opposed to the Kansas City platform.

STRIKERS AND NEGROES.

Pitched Battle Fought Near Portsmouth, Ohio—No One Hurt.

By Telegraph to the Morning Star.

PORTSMOUTH, O., May 31.—Strikers and Virginia negroes imported to fill their places fought a pitched battle at Roger Brown Company's plant at Hanging Rock last night. Several hundred shots were exchanged but no one was wounded. The striker who fired the first shot claimed that it was accidental, but the negroes fearing an attack was being made on them, poured volley after volley into the ranks of the strikers. Every man in the town is armed with a rifle, but the town council to-night will pass an ordinance imposing a heavy fine on persons arrested for shooting and will swear in deputies to guard against another outbreak.

Commencing June 1st and continuing daily to September 30th, 1904, inclusive, the Atlantic Coast Line will have on sale round trip Summer excursion tickets to all Summer tourist points, such as Washington, D. C., $18, Virginia Beach, Va., $14.10, Blowing, Rock, N. C., $15.80, etc. If parties desiring rates, schedules and other information will kindly write or call on W. J. Craig, General Passenger Agent, same will be furnished with pleasure.

TRUSTED CLERK AND CASHIER MISSING.

Discrepancies in His Accounts Amounting to $125,000 Caused Suspension of Cotton Firm of S. Munn, Son & Co.

By Telegraph to the Morning Star.

NEW YORK, May 31.—The suspension of S. Munn, Son & Company was announced on the Cotton Exchange to-day. The firm is one of the oldest in the cotton trade in this city.

The head book-keeper and cashier disappeared about ten days ago and the firm believes that as soon as its accounts are straightened out it will be able to resume.

At the office of the firm it was said that Clarence F. Cameron, the office manager and head clerk, had been absent for about a week. An examination of the books so far made, it was added, showed apparent discrepancies amounting to about $125,000.

The Munn firm is one of the most conservative and respected in the cotton business. It is composed of Samuel G. Munn and H. Tileston Munn and the estate of A. G. Godwinn Munn, Jr. The firm had a Coffee Exchange membership, but had few open accounts there. The following announcement of the firm was read in the Cotton Exchange:

"We hereby announce to the members of the Cotton Exchange that through the absence of our head and trusted clerk, who has left his books in an involved condition, we are obliged to suspend. We trust this suspension will only be temporary.

"We would request all members of the exchange having open contracts with our firm to present the same to us with accounts at once. We further state that we have very few open contracts on the New York Cotton Exchange and that these balance each other."

August H. Skillen, the legal representative of the firm, said that the Calcago Board of Trade accounts of the suspended firm were badly tangled up. A week ago last Saturday, it was said, Cameron left the office saying that he was going to Brooklyn, where his baby was ill. Mrs. Cameron called at the firm's office this morning and told the officials of the company that she had not seen her husband since that day. Cameron had been in the employ of the company for fifteen years.

Members of the firm of Munn & Company say that their local cotton accounts are all right and have already been adjusted and that the property of the firm improperly diverted was comparatively small and not nearly $100,000.

Several claims to meet notes were made some time ago by firms doing business with Munn & Company by houses creditors to the suspended firm and in this way it was discovered that something was wrong and on examination of the books the irregularities were disclosed.

S. Munn, Son & Company were members of the Chicago Board of Trade. Their principal trouble, they said this afternoon, was in the Chicago account, the cotton and coffee losses being slight. The cotton market was very little affected by the suspension.

THE MARINE FIREMEN.

Possible Strike on Steamship Lines from New York City.

By Telegraph to the Morning Star.

NEW YORK, May 31.—Further progress was made to-day towards a possible strike of the marine firemen, as a result of a meeting of the executive board of the International Brotherhood of Firemen. At the conclusion of the meeting General Secretary Sullivan announced that a committee had been appointed to visit the president or executive officials of nine steamship companies of this city and lay before them grievances of the firemen. The lines to be visited are the Old Dominion, Mallory, Red D, Clyde, Panama, Porto Rico, Ward and Savannah. Mr. Sullivan said that between fifteen and eighteen lines outside the city will be affected. Principal among the grievances is the question of "crimping" or recruiting firemen from among the boarding-house keepers, to which the men are opposed. Another grievance on which stress is laid is that the firemen shall receive an increase of fifteen cents a day while they are at sea.

MASKED MEN

Robbed Safes in a Car Barn of an Electric Railway of $150.

By Telegraph to the Morning Star.

PHILADELPHIA, PA., May 31.—Four masked robbers early to-day visited the car barn of the Delaware County Electric Railway, at Clifton Heights, near here, and blew open two safes, securing $150 in cash but failing to get $1,000 which was in one of the safes. The cracksmen bound and gagged three employes of the company and terrorized two belated women passengers. No arrests have been made.

WARM WIRELETS.

Schooner Eliza A. Scribner, Capt. Dodd, from New York to Wilmington, Del., put into Newport News in a badly crippled condition.

News was received in New York yesterday of the death of Thomas Ellison, of Liverpool. Mr. Ellison had earned an exceptional reputation as a cotton statistician. He was 74 years of age.

The Supreme Court of the United States has affirmed the decision of the Federal Court for the Southern District of Ohio, upholding the constitutionality of the oleomargarine law.

Lucius Weldon, mail carrier on rural route No. 3, was killed at West Point, Ga., by his cousin, Dr. G. H. Weldon. A double-barrel shot gun was used and the young man's brains were blown out.

The Valdez Yukon Railroad Company, with $10,000,000 capital, has been chartered in Richmond, Va. J. Westmore Willcox, of Norfolk, will be State agent for the company. Ambler J. Stewart, of New York, is president and John B. Summerfield, of Brooklyn, is secretary and treasurer.

President E. Clay Timanus, of the second branch of the city council of Baltimore, took the oath of office as mayor of Baltimore yesterday, becoming the successor to Robert M. McLane, who ended his life by a pistol shot. Under a provision of the city charter Mayor Timanus will serve out the balance of Mayor McLane's term of three years. Mayor Timanus is a Republican.

Atlantic Yacht Club.

The Atlantic Yacht Club will be thrown open to members to-day and a most successful season is in prospect for that popular organization. A few days ago extended reference was made to the completion of most of the improvements. The building will all be completed within a week and the bowling alley will be ready by Saturday night. The piano for the club will be sent down to-day.

U. S. WARSHIPS AT TANGIER, MOROCCO.

The Population Deeply Impressed by the Assembling of the American Squadron.

PRESSURE UPON THE SULTAN.

French Government Will Use Its Good Offices to Secure Release of Kidnapped American and His Stepson, a British Subject.

By Cable to the Morning Star.

TANGIER, May 31. — The United States gunboats Castine and Marietta arrived here during the night, completing with the cruisers Brooklyn and Atlanta, which arrived yesterday, the American squadron sent here in connection with the kidnapping by the bandit Raisuli of Ion Perdicaris, the American, and his step-son Cromwell Varley, a British subject. The population are deeply impressed by the assembling of so many United States war vessels, and people living outside the city are removing here for safety.

The British dispatch boat Surprise arrived here during the day with the Admiral, from Gibraltar, to confer with the British minister in regard to the kidnapping of Perdicaris and Varley.

WASHINGTON, May 31.—Through Ambassador Porter, Secretary Hay has requested the French government to exercise its offices toward securing the release of Perdicaris, the kidnapped American in Morocco. The French government has undertaken the task and because of its closer association with the various elements in Morocco, it is believed here that it can accomplish more than any other government. The British government also is acting with great energy in behalf of young Varley, the stepson of Perdicaris and a British subject, and the British officials are in communication with the United States government on the subject.

This cablegram has been received at the Navy Department from Rear Admiral Chadwick, commanding the South Atlantic squadron at Tangier:

"The seizure of the American citizen was by an insurgant chief, so as to bring pressure on the Sultan of Morocco to secure the demands of the tribe. Our sense of the gravity of the case is shown by the presence of the American squadron and will no doubt cause the earlier yielding by the Sultan of Morocco to the demands of the chief, which is the only safe means of releasing the captive."

There is the highest authority for the statement that an attack or an expedition against the brigands will be followed by the immediate murder of the captives.

Admiral Chadwick is not expected at present to land a party from his fleet to pursue the brigands, but it is stated positively that if Raisuli executes his threat of killing his captives the United States government will insist that he be run down and executed at any cost. The Perdicaris matter was discussed at some length at today's cabinet meeting.

PARIS, May 31.—Foreign minister Del Casse, in consequence of a communication from the State Department at Washington, transmitted through Ambassador Porter, has telegraphed instructions to the French minister at Tangier to use his utmost endeavors to obtain the release of Ion Perdicaris and Cromwell Varley.

Harbor Master's Report.

The monthly report of Capt. Edgar D. Williams, harbor master, shows arrivals of 15 vessels of 90 tons and over at the port of Wilmington during May. The combined tonnage of the vessels was 134,68. Of the number, 18 were American and two foreign. The American vessels were nine steamers, 11,510 tons, and four schooners, 1,458 tons. The foreign vessels were one brig, 324 tons, and one schooner, 179 tons. The report compares very favorably with that of same month last year.

Improving the Casino Pavilion.

The C. R., L. & P. Co. has a force of men at work putting the Casino pavilion at Wrightsville Beach in thorough order for dancing during the season. The floor is being planed down and scraped and will later be sand-papered and waxed. It will then be finished in oil, making it an ideal place for dancing. The first of a series of delightful hops to be given there during the Summer will be one by Miss Leonora Cantwell to-morrow night to her dancing classes and a few friends.

Committee Leaves To-day.

The committee to notify Dr. Strange officially of his election as Bishop coadjutor of the East Carolina Diocese of the P. E. church, will leave this morning for Richmond to perform that pleasant and important duty. Dr. Carmichael and Mr. Clayton Giles, of Wilmington, will be joined at Goldsboro by Rev. T. M. N. George, of Newbern; Mr. W. G. Lamb, of Williamston, and Mr. Geo. C. Royall, of Goldsboro.

Veterans of Blue and Gray.

A telegram to a New York paper says that in the Confederate Memorial Day parade at Norfolk last week General Newton M. Curtis of New York, who led the Federal forces which stormed and captured Fort Fisher, N. C., and Col. William Lamb of Norfolk, who commanded the little band of Confederates who fought so bravely inside of Fort Fisher, rode side by side in the same carriage.

The Delgado Band.

Mr. Joe Martin, of Bessemer City, one of the best cornetists and most capable bandmasters in the State, has been engaged to take charge of the Delgado Band. The band has also secured some additional claronet players and with new music, etc., will soon be the finest organization hereabouts. Mr. J. B. Coley is secretary of the band and any communications may be addressed to him.

Board of Audit and Finance.

The meeting of the Board of Audit and Finance spoken of for last night did not materialize. The called meeting for the purpose of passing upon matters incident to the beginning of the new fiscal year will be held Friday night.

AN ESTIMATE FOR STEDMAN.

Editor Bernard Supplements the Estimates of Gubernatorial Managers by One of His Own.

[*Raleigh News & Observer.*]

Editor News and Observer: Though I do not class myself as a "manager," I am taking a very active part in Major Stedman's campaign; and I take the liberty of supplementing the estimates of the Glenn and Turner managers—printed in your issue of Sunday—with one of my own. My facilities for obtaining reliable information are exceptionally good, and I have endeavored to make my figures strictly impartial.

With every county represented there will be 1,342 votes in the State Convention. These votes, I estimate, will be divided as follows on the first ballot:

Stedman	495
Glenn	415
Turner	190
Davidson	142
Total	1,342

It is proper to add that this estimate includes results in all those counties that have thus far held primaries.

Yours very truly,
WM. H. BERNARD,
Editor Star.

Men's Clothing.

In this line of goods we had one of our largest shipments to go astray and be misplaced in transportation, so that it was received two months later, but it was specially good value, so we managed to get a good discount on it on account of the lateness of the season. The discount enables us to sell it at about what it cost us; we are offering $7.50 suits, strictly all wool, three pieces, splendidly made, for $4.98; these suits are your gain and the other fellow's loss; we are also showing a nice nobby line of suits, $10 values, at $6.98; we have some stouts that are made for big, fat men and in this line we are selling $10 suits for $7; we have a full line of blue serge suits, all wool, that were worth $8, that we can now sell for $5.75. If you are looking for a very nice black suit, something stylish and dressy, too, we have a very nice line that we are selling from $5, $7.50, $8.98, and up to $12.50 a suit. We are showing a fine line of clothing and we can please every class of trade. The man who wants a neat, good suit, made for service and which will hold its own, we have what he wants. When a young man comes along and wants the latest and prettiest pattern that money can buy and at prices on which he saves a good profit, we can fit him up and be glad to do so at any time.

If a business man wants a good suit, wants a neat suit for every day and Sunday too, the kind that does not show soil, call at Gaylord's store, you will find what you want.

Our clothing department is on the ground floor of our building and it is quite an important line of our business. We have a clothing man who gives this department especial attention and understands exactly how to take your measure and can fit you equal to a merchant tailor and save you nearly half your money.

We are also showing a splendid line of men's and boys' shirts. We are selling a splendid Madras shirt for men which regular price would be 50c; our price now is 35c; the same in boys' size 29c.
